DICKENS' COMPLETE WORKS.—T. B.
Peterson, Philadelphia, will soon issue
the complete works of Charles Dick-
ens, to be published in ten different
styles, at various prices. In his circular
Mr. P. states that his Octavo and
Duodecimo editions will be, and are
the only complete and uniform editions
of Dickens' works published in the
world, and are the only editions what-
ever of these works published in
America. A sample sheet of the first
30 pages of the "Pickwick Papers"
show off admirably—the style, topog-
raphy, and illustrations of the work
being very good. We hope the pub-
lisher will realize a large sale.

THE WEATHER.—The last two or
three days were decidedly the warm-
est we have experienced this season.
Every body seems to be at the melting
point. Thin coats, or no coats at all,
iced lemonade, ice-cream, iced water,
Henry Barber's Cold Water Baths,
or "a lodge in some vast wilderness,
some boundless contiguity of shade,"
is all that one can think of in weather
like this. Some have gone to the
mountain and camped for the season,
some to this watering place and
some to that, in order, if possible, to
keep themselves cool, while others,
equally as wise, remain in town and
visit Houghton & Loughmiller's soda
fountain, and imbibe, every now and
then, a glass of their excellent iced
soda.

We have received the second num-
ber of a paper, entitled the "Kansas
Constitutionalist," published at Doni-
phan Kansas Territory, by Thomas J.
Key. Mr. Key published for some
time the *Enquirer*, at Tusculum, Ala.,
but removed it, a short time since, to
his present location, changing the
name of *Enquirer* to *Constitutionalist*.
We see that his "Jour" (Mr. Sam.
Robinson, well and favorably known
in our vicinity) is along with him.
Look out, Sam, those Free State row-
dies may get hold of you. Keep your
weapons well fixed, and never allow
them to enforce their unconstitutional
sentiments when your opposition can
prevent it.

The youngest member of the pres-
ent Congress is the Hon. Wm. Cum-
back, he being only 26 years of age.

See the advertisement of Mr. Thos.
H. Woods, in another column. He
offers some valuable property for
sale.

Harper, for July, is on our table—an
excellent number of that monthly.
We are always glad to get Harper.

We have received the *London*
Quarterly Review for April, and the
North British Review for May. The
subjects treated in the *London Quar-*
terly are—British Family History;
Lewis on early Roman History; The
Haldanes; Modern Painters; The Tri-
ton and Minnows; South's Letters;
The Peace, and its effects upon the
condition of Turkey; Montlambert
upon the political future of England.

The contents of the *North British*
Review are—Plays and Puritans; Life
and writings of the late Mr. Justice
Talford; Historical Painting—Mau-
ley; British New Testament Criticism;
Grote's History of Greece; The weath-
er and its prognostics; India's Litera-
ture; Outrages on Women; Peace, and
its political duties.

The good people of Montgomery,
Ala., have been luxuriating on green
corn for some days past.

In response to the reception of Mr.
Fillmore at New York, there was an
enthusiastic meeting of the American
party held in Nashville on last Thurs-
day night. Hon. Edwin H. Ewen,
Hon. Neil S. Brown, Jno. A. McEwen,
Esq., Horace Maynard, Esq., and oth-
er distinguished Speakers were pres-
ent and addressed the assembly.

TYREE SPRINGS.—We see from the
Nashville papers that this popular
watering-place, located about 21 miles
from the city, on the Louisville road,
has been taken in charge for the sea-
son by Dr. D. T. Scott, the well-known
proprietor of the St. Cloud. He has
thoroughly improved the buildings
with comfortable arrangements for
rooms, amusements, &c., so that any
one seeking health or pleasure will
find Tyree Springs an excellent re-
sort.

Hugh T. Scott, who has heretofore
assisted his father in the management
of the St. Cloud, will conduct it dur-
ing his absence.

The *Memphis Eagle & Enquirer*
says that we are entitled to no credit
for the piece entitled "Good Luck,"
copied into the *Nashville Gazette* of
June 6th. We have looked over our
files for such a subject and cannot find
it; neither can we find a *Gazette* of
that date; so we can neither confess
or deny whether we have stolen an
idea from some one else or not. All
that we know is, that we never do
that thing if we know it. If we have
done a grievous fault to the *Eagle &*
Enquirer, or any one else, we do not
know it, and wish we may be set
right, and wish to set him right. It
must be something important, else the
Eagle & Enquirer would not have
noticed it. Please to tell us whose
property that idea is, Mr. Editor, and
if we have claimed that which is not
ours, we are ready to enter our dis-
claimer, and render unto Cæsar the
things which are Cæsar's.

Written for the Winchester Appeal.
Winchester and its Schools.
In the last week's *Appeal* there were
two notices relative to Mary Sharp
College. It gives us much pleasure
this week to communicate part of the
resolutions of the Board of Trustees
of Carriek Academy. It is as fol-
lows:

Resolved, That the President ap-
point six members of this Board to so-
licit subscriptions for building a new
County Academy, on the same lot
where Carriek Academy now stands,
(unless a more suitable place can be
obtained) to be determined by the
Board of Trustees.

Resolved, That the President ap-
point as many gentlemen outside of
the Board as he may deem necessary,
for soliciting said subscriptions.

The President then appointed G. A.
Shook, M. Porter, J. M. Burrough, A.
S. Colyar, F. T. Estill, and P. Turney,
members of the Board.

The following gentlemen were re-
quested to act with those of the Board
in soliciting subscriptions, viz: Seth
W. Houghton, H. F. Robertson, W. G.
Brooks, and Rev. A. D. Trimble.

This gratifies us, and it should
awaken an interest in the mind of ev-
ery citizen of our community. Let us
have a suitable building and we may
expect to see a flourishing Male School
in our town. It is the aim of these
enterprising men to get all they can
by the first of August on their lists.
They hope to obtain sufficient funds to
construct a building as large as our
Female College.

Let each citizen ask himself if he
cannot feel some interest in this effort.
Surely we are all interested, either
directly or indirectly. CITIZEN.

Hon. Neil S. Brown, of Davidson,
and Horace Maynard, Esq., of Knox,
have been appointed Electors for the
State at large, by the State Central
Committee, vice Nelson and Brien,
resigned. They have accepted. The
American electoral ticket is now com-
plete, and we hope they will now go
to work in earnest, and let the hill
tops and valleys re-echo with the name
of our noble and tried standard-bear-
er.

We have received through the P. O.,
during the present week, one or more
pieces written for publication in the
Appeal. Now, we would state that
we never insert any thing for an
author unless he or she give his or
her proper name—(and not then in
every case.)

"It is a singular fact that women
cannot look from a precipice of any
magnitude without becoming dizzy.—
But what is still more singular, the
dizziness departs the very moment
somebody puts his arm around her
waist to keep her from falling.—
Queer isn't it.

Col. Benton, who has just accepted
the Black Republican nomination for
Governor of Missouri, was at Cincin-
nati during the sitting of the Demo-
cratic Convention, and strenuously la-
bored to secure the nomination of Mr.
Buchanan; and now that Mr. "Buck"
is nominated, Benton is one of his
warmest supporters. Straws tell.

The ladies will be pleased to learn
that an improved toilet glass, for view-
ing the back of the head, has been in-
vented in London.

Padre Vijil was nearly suffocated on
Saturday night in New York, having
gone to bed in his room at the Metropol-
itan with the gas escaping. Not being
used to that sort of light, on retiring he
blew out the gas, and in a short time his
chamber was full of the fluid. When
the servants broke open the door, he was
greatly prostrated, but medical assistance
soon brought him to.

MAIL MISSING.—The bag containing
the entire letter mail from this city to the
east, which left here on the morning of
the 21st ult., is missing. There is no
trace of it after leaving this post office.
We also learn that the mail of the 9th
of April, from New York, disappeared in
some mysterious manner, and that no tid-
ings have been received of it.—*Mobile*
Register, June 8.

Brigham Young, in a late discourse to
the Mormons said—

"Do you believe that your consciences
can be clear in the day of retribu-
tion, if you spend your time for nought
and on after the filthiness of the world?
Do you believe that in so doing you can
stand in the great day of account with a
clear conscience? You cannot. Then
why in the name of common sense do
you tug after the devil and his imp?

Frightful Peril.—When the Harlem
2-15 Railroad train, on Saturday, was
passing over the Harlem bridge and dash-
ing on—in free, full, fiery way—three
double whistles gave an alarm that start-
led everybody! The brakemen, all for-
tunately at their posts, immediately ex-
erted all their strength to break up—and
they succeeded just as the engine was
about twenty feet, it may be twenty-five
feet, from an open draw bridge, yawning
for it, with twenty feet of water. Mean-
while the firemen were seen leaping over
the tender and aiming for the first car,
but the engineer heroically stuck to his
post, and thus saved the train and the
lives of all connected with it.

Fortunately there were but three cars,
with no baggage car, and the train being
thus light, the engineer was able to save
himself. He could not have seen the
open draw till he got well on the bridge,
and he was deceived, it is said, by the
wrong signal being up. Thus were saved
a hundred and fifty human beings from
another Norwalk disaster.—*N. Y. Ex-*
press.

It is rumored that a project of a new
treaty between the United States and
Nicaragua is entertained, and that, if
consummated, it will have an important
bearing on the destinies of Nicaragua and
all the Central American States. Major
Heiss goes out on the 24th as bearer of
dispatches for the United States govern-
ment.

Seven hundred and fifty Mormons ar-
rived at New York, last week, from Liver-
pool.

A genteel woman and two men have
been arrested in South Camden, N. J.,
and unfurnished counterfeit bank notes
to the amount of \$125.00 found in the
house they occupied in Division street.
An engraver's press, copper and steel
plates, bottles of acids, and other aids to
money making were found, with \$350 in
gold. These currency makers were so
imprudent that a neighbor saw them from
a back window dampening and drying
the bank notes, and thistled to the arrest.
Letters were seized at the dwelling of the
accused containing, as is believed, impor-
tant revelations; also, several daguerre-
type likenesses, the originals of some of
which may, peradventure, find reason to
regret a fidelity of similitude. Many of
the notes in the possession of the jus-
tice and constables are counterfeits on
New Jersey banks. It is said that a net-
work of counterfeiters extends through
different States, and that those of one
State exchange large amounts of spurious
money with those of other States, while
nearly all have their agents in the large
cities.

Everybody in town, and in the coun-
try, so far as it is known that Guildersleeve
is in town, who has a watch or clock that
was ever made to run, whether it is worn out
or spoiled by travelling tinkers, is now having
it made to keep time as well as when new.
Every thing of the kind is warranted, and if
it does not perform satisfactorily, it costs you
nothing. So if you want to have your watch-
es and clocks made to keep CORRECT TIME,
bring them right in, and we assure you, you
will get the worth of your money. Mr.
Guildersleeve wishes it understood that he is
not a travelling watch-fixer, like many who
START out from a gunsmith shop to pick the
people's pockets by pretending to repair their
clocks and watches, but a regular workman,
having done a large portion of the work sent
from here to Nashville lately, although not
generally known to the people.

Neither would we forget those celebrated
Brazilian Pebble Spectacles for sale by Mr.
Guildersleeve. If you wish to preserve your
eye and read with ease, throw away your
common glasses and procure a pair of the Bra-
zilians.

Augusta, June 24.

COTTON.—The trade, considering the
very limited stock offering, and the very
few receipts, has been very active dur-
ing the past week. The prices have
been gradually improving, and to day
we find quotations as high as at any time
the past season.—We quote as a fair in-
dex of the market, Good middling 11 cts,
and Middling Fair to Fair 11½ to 11½
cents.

BACON.—There is an improved feel-
ing in the Bacon trade, particularly for
Sides. Tennessee meat, hog round,
meets with ready sale at 10 cents. For
Western meat, of which the market is
well supplied, and of excellent quality,
ribbed Sides are selling at 10½, Hams 12,
and Shoulders at 9½ cents.

Charleston Market.
June 23.

COTTON.—This article was very
much neglected to-day, and, indeed, the
market may be said to have been brought
to a stand, so little was done. The sales
did not exceed 130 bales, at extremes
ranging from 9½ to 11½ cents.

NEW ADVERTISEMENTS.

SALE OF Valuable Property.

I wish to sell my land, consisting of about
five hundred acres, located six miles and a
half from Decherd Depot, Franklin Co., on
the road to Hickoryville. Said land is well
timbered and watered—there being three or
four never-failing wells of good water; be-
sides an excellent stock pond; tolerably good
dwelling, with the necessary out-houses;
good orchards, containing as good fruit as can
be found in the country.

All the cleared land is in a high state of
cultivation at this time, and if the purchaser
desires, the present crop would be sold, to-
gether with all the stock belonging to the
place, consisting of hogs, cattle, and sheep.
The land is in two tracts, and can be divided,
if necessary, to suit purchasers.

TERMS.—One-third cash, and the balance
in one and two years.

—ALSO—
On the 3d of October next, at my resi-
dence, I will sell, at public sale, all my farm-
ing utensils, together with household and
kitchen furniture. If private sale for my
land and stock be not had before then, I will
sell them to the highest bidder on said day.

THOS. H. WOODS.

CLOCKS & TIME-PIECES,
OF ALL KINDS,

ARE NOW REPAIRED BY
L. I. GILDERSLEEVE,

South side of the Square, corner Church
House.

WINCHESTER, TENNESSEE.

In a manner not supposed in Nashville, or any
other place. All work warranted to give sat-
isfaction and to perform as stated. Persons
who have Watches or Clocks to repair will
please send them right in that they may have
evidence of sufficient business to justify a
permanent location, which is his intention if
there should be sufficient business. Jewels
also repaired.

To those who value their Sight.

failing, or if you see spectacles, do not delay
satisfying yourselves of the opportunity of pro-
curing a pair of the justly celebrated

adapted to your eye, and selected by a per-
son who understands the business. They do
not tire the eye when reading and will pro-
serve vision unimpaired for years longer than
any other glass properly selected to suit the
eye. There is no straining of the eye while
using them, as in most other spectacles. The
shape of the surface, (concavo-convex) the
large size and the fineness and clearness of
the glass are the combined qualities which no
other glasses possess, and which render them
superior to all others. Many persons might
have good eye-sight for ten or fifteen years
longer by using these glasses than the com-
mon glasses which in the end often do more
harm than good. Numerous testimonials can
be produced from the best citizens of Nash-
ville. For sale by
